

iPad Shortcourse Victor Reader Stream (New Gen)

VICTOR READER STREAM is designed as an advanced high performance DAISY, MP3, and NISO player for students, professionals, or on-the-go people who have extensive reading needs. It allows you to transfer content from your PC to its removable flash memory card and provides advanced navigation of multiple formats including DAISY, MP3, NISO and electronic text.

Bookmarking, voice recording, various bookshelves and a sleep mode are a few of the features built-in to the Stream. The Stream can also access online podcasts and other audio sharing sites and download content directly to the device.
